together, we reflect, sing, act and pray for climate justice

BECOMING NEIGHBOURS

Gracious God, Creator of All,
We raise our hearts in grateful praise for
all the beauty that surrounds us.

May we learn to respect all
as a sacred gift and do what we can
to repair the damage we have caused
through our consumerism, greed,
myopia, and carelessness.

Grant us an ecological conversion
so that we can leave our next generation
with a future full of HOPE
where there is enough for all.

We ask this in name of Jesus, Amen

As the world's attention is focused
on the Climate Change Conference in Paris,
let us raise our voices and prayers
to assemble with a world
that cries for ecological justice.
Climate change affects all of us,
and unless each one of us unites with the
efforts of our country and other global citizens
to reduce these effects, we will be responsible

for the displacement of millions of climate refugees
alongside those already fleeing war, violence and poverty.
Because of the terrorist attacks, the March in Paris is cancelled.
The rest of the world will be on the streets in solidarity.

Together let us reflect, sing, act, and pray for climate justice.
