

Warmest Greetings of Peace and Hope to Our Dear Friends!

Can you feel it? Summer is coming! The Earth is awakening to a new season of growth and life for all creation to enjoy. Amidst the newscasts that tempt us to lose heart, we can be grateful to God for nature's newscasts abounding with the sights and sounds of new possibilities, new life, and **HOPE** blossoming all around us.

We present to you this edition of the "Fridge Notes for Companions".

World Refugee Day on JUNE 20 is a day that recognizes and applauds the contribution of forcibly displaced people throughout the world. **Watch** a video with stories from the refugees among us, [here](#). **Learn about** the award-winning feature documentary, *Salam Neighbor*, and campaign to connect the world to refugees, [here](#).

A note about the Becoming Neighbours Prayer Service to celebrate the resilience and strength of refugees worldwide will be sent to you in the days ahead.

May these moments and the stirrings of Pentecost within our own hearts continue urging us to see "HOPE RISING IN OUR MIDST."

Together, and especially on June 20, World Refugee Day,
let us be in solidarity with all refugees.
